- Project management
- Installation services
- On-site training

Why are we different

• U.S.-based company

- **High-performance products**
Award-winning display and processor offerings to provide complete solutions

• Application specialists

Our technical industry professionals work directly with end users, strategic partners, consulting engineers, and/or channel partners to develop the most effective solution for a particular application

• Professional services

Christie has some of the industry's brightest personnel including engineers, solution architects, project managers, installation staff, training staff and service personnel

• Track record

Founded in 1929, Christie has been successfully manufacturing complete product offerings since 1970 and full system design and project installations since 1992

• Strategic supplier

With strategic locations around the world, Christie has the unique advantage of global deployment. This allows us to quickly respond and act upon any type of request, regardless of the location
